MSE BRAND FEATURES & BENEFITS

MSE approved this product using the market's most exhaustive testing protocols, including: environmental stress testing, accelerated aging testing, shipping simulation and yield testing.

OEM INFORMATION

Released in January 2016, the HL-L5000 series replaces the HL-5400 series.

Every aspect of our MSE brand products, from quality and reliability to aesthetics and environmental impact, is thoroughly analyzed on an ongoing basis. We look for areas of improvement beyond the industry standard and create ground-breaking technologies to keep pace with OEM design. The result is Your Best Alternative to the OEM.

Ensuring long-term quality and reliability is the foundation of customer satisfaction. We understand that without strict adherence to quality standards, you simply cannot have a product that is competitive to the OEM. Our commitment is ensured by the most rigorous 5 step QC process in the industry.

ISO 9001:2008 certification is a global standard that the world's leading companies use to establish quality management system. ISO 9001:2008 connotes quality to global consumers and MSE brand adheres to these standards and strives to continuously improve, therefore providing the best customer experience.
